

# Executive / Personal Protection

MSG's approach to executive protection (EP) is the seamless integration of pre-planning & execution combined with 60+ years of training & experience. We mitigate risk to safeguard VIPs, Executives, Dignataries, High Net Worth / Private Individuals, & assets.

We consistently demonstrate that executive protection can be a comfortable element in the private or corporate environment. Our protective consulting services include full-scale threat / risk assessments, threat intelligence, and program development.

MSG's professionals carefully analyze all of these factors by conducting advance site assessments, personal interviews, document review, and thorough research.

## Enablers to your EP package:

- Security Drivers
- Customized Global Executive Protection
- Risk / Threat Assessments
- Estate & Residential Security
- Electronic Surveillance Detection
- Security Systems – Designs & Installations
- Travel & Logistics Management Services
- Contingency Planning & Emergency Services

MSG has the expertise to provide executive protection during challenging times. We deter and mitigate threats by developing high-level protection packages tailored to your situation. We are your one stop shop for all your executive protection needs providing you a peace of mind 24/7/365.
